AKIPS Network Monitor Software – SOLE SOURCE STATEMENT

AKIPS Pty Ltd is the sole publisher, holder of all copyrights, licensed intellectual property rights possessor, and holder of sole source rights to AKIPS Network Monitor software. Furthermore, AKIPS Pty Ltd is the exclusive distributor of AKIPS Network Monitor software.

AKIPS software products are proprietary, protected by trade secrets and are unique in the market. *AKIPS Network Monitor software provides 100% visibility across any size organisation. From a single VM, AKIPS is the only scalable, cost effective solution that monitors over one million interfaces at one minute resolution, with IPv6, SNMPv3 encryption, Netflow, syslog, wireless monitoring, and trap collection.*

All AKIPS Network Monitor software must be purchased directly from AKIPS Pty Ltd at the address on this letterhead. AKIPS does not have USA based agents, distributors, or any type of permanent establishment

AKIPS Pty Ltd submit the following statements which support our claim.

- AKIPS Network Monitor software is developed exclusively by AKIPS Pty Ltd.
- AKIPS Pty Ltd is the only seller of AKIPS Network Monitor Software.
- AKIPS Network Monitor software cannot be purchased from any other source.
- AKIPS is classified as an original equipment manufacturer (OEM) for service subscriptions purchased from AKIPS Pty Ltd.

The subscription provides for monitoring of your organisation's IT network.

AKIPS Annual Subscription Bundle includes:

- Complimentary training sessions delivered via web conferencing services
- Technical support
- Development of additional functionality (eg. vendor MIB Objects and reports)
- Assistance with site integration using AKIPS API & Site Scripting functionality
- AKIPS Network Monitor software in accordance with license conditions

All services provided directly from Australia.
